COMPREHENSIVE FORMULARY (List of Covered Drugs)

PLEASE READ:
This document contains information about the drugs we cover in this plan

This formulary was updated on 11/01/2018. For more recent information or other questions, please contact Vantage Health Plan, Inc. at (866) 704-0109, or for TTY users (866) 524-5144, 8 a.m. – 8 p.m., seven days a week from October 1, 2017 through February 14, 2018. For all other dates, Member Services may be reached from 8 a.m. – 8 p.m., Monday – Friday. You may also visit us on the web at www.VantageMedicare.com.

NOTE TO EXISTING MEMBERS:

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

Vantage Health Plan, Inc. (Vantage) is a health plan with a Medicare contract. Enrollment in Vantage depends on contract renewal. This formulary may change at any time. You will receive notice when necessary.

VANTAGE HEALTH PLAN

Vantage Medicare Advantage
2018 Comprehensive Formulary

When this drug list (formulary) refers to "we," "us", or "our," it means Vantage Health Plan, Inc. When it refers to "plan" or "our plan," it means Vantage Medicare Advantage (HMO-POS).

This document includes a list of the drugs (formulary) for our plan which is current as of 11/01/2018. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2019, and from time to time during the year.

What is the Vantage Medicare Advantage (HMO-POS) Formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2018 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2018 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice

to members who take the drug. The enclosed formulary is current as of 11/01/2018. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages.

In the event of mid-year non-maintenance formulary changes that are approved by CMS, we will update the printed and web-based versions of the formulary. The updated version of the printed formulary will be available upon request. The changes will be included in notices to members using the affected drug(s) no less than 60 days prior to the effective date of the change.

How do I use the Formulary?
There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 7. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category "Cardiovascular Agents". If you know what your drug is used for, look for the category name in the list that begins on page 7. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 117. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?
Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?
Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.

- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 18 tablets per 30 days for Sumatriptan. This may be in addition to a standard one-month or three-month supply.

- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 7. You can also get more information about the restrictions applied to specific covered drugs by visiting our web site. We have posted on line a document that explains our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Vantage Medicare Advantage (HMO-POS) formulary?" on page 3 for information about how to request an exception.

What if my drug is not on the Formulary?
If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plan.

- You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Vantage Medicare Advantage (HMO-POS) Formulary?
You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, we will only approve your request for an exception if the alternative drugs included on the plan's formulary or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception, you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 91-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our

formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

Current enrollees with a level of care change (e.g., from a hospital to a long-term care facility) must follow standard Prior Authorization procedures during the transition period. This means that you will need to get approval from us before you fill your prescriptions during the transition period.

For more information

For more detailed information about your Vantage Medicare Advantage (HMO-POS) prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit http://www.medicare.gov.

Vantage Medicare Advantage (HMO-POS) Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 117.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *levothyroxine)*.

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug. The formulary includes drugs which may have one of the following requirements before receiving them:

- May require Prior Authorization (PA);
- May have a Quantity Limit (QL) for that particular drug;
- May require Step Therapy (ST);
- May be a New Start Only (NSO) drug (available only if you do not have a paid pharmacy claim for this drug previously);
- May be a Non-extended Day Supply (NDS) drug (limited to a 1-month supply for both Retail and Mail Order); or
- May be a Part B versus Part D (BvD) drug which requires the plan to make a determination as to whether a drug is covered under the Medicare Part B or Part D benefit.

Vantage Health Plan is required by federal law to provide the following information.

Nondiscrimination Notice

Vantage complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, sex, or any other legally protected characteristic. Vantage does not exclude, deny benefits to, or otherwise discriminate against any person on the basis of race, color, national origin, age, disability, sex, or any other legally protected characteristic.

Vantage provides free aids and services to people with disabilities to communicate effectively with us. Those services include qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, and other formats).

For people whose primary language is not English, Vantage provides free language translation services. Those services include qualified interpreters and information written in other languages. You can use Vantage's free language translation services by calling the "Members" phone number on the back of your Member ID card. For Members who are deaf or hard of hearing, please call for teletypewriter (TTY) services at (866) 524-5144.

If you believe that Vantage has failed to provide these services or has discriminated in another way on the basis of race, color, national origin, age, disability, sex, or any other legally protected characteristic, you can file a grievance with Vantage or the U.S. Dept. of Health and Human Services, Office for Civil Rights.

If you would like to file a complaint directly with Vantage, you can reach us in person, by mail, by fax, or by email at the addresses below:

If you need help filing a grievance, our Civil Rights Coordinator is available to help at *civilrightscoordinator@vhpla.com* or by phone at (318) 998-2887.

Vantage has adopted internal grievance procedures for providing prompt and equitable resolution of complaints alleging discrimination on the basis of race, color, national origin, sex, age, or disability. Any person who believes someone has been subjected to discrimination on the basis of race, color, national origin, sex, age, or disability, may file a grievance under Vantage's grievance procedure. It is against the law for Vantage to retaliate against anyone who opposes discrimination, files a grievance, or participates in the investigation of a grievance. Depending on the type of grievance, a 60 day filing limit may apply. To learn more about Vantage's grievance procedure, you can call or email our Civil Rights Coordinator at the addresses above or you can visit our website at *www.vantagehealthplan.com/vhpnondiscriminationgrievanceprocedure*.
