
 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately.** This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit [www.vantagehealthplan.com](http://www.vantagehealthplan.com) or call (844) 833-7505. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at [www.vantagehealthplan.com](http://www.vantagehealthplan.com) or call (844) 833-7505 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall <a href="#">deductible</a> ?	\$5,500 Individual/\$11,000 Family, excluding preventive care.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members in this plan, they have to meet their own deductible until the overall family deductible has been met. A single family member has met his or her deductible by reaching the individual deductible amount. Other family members' payments for covered services combine to meet the remainder of the family deductible amount.
Are there services covered before you meet your <a href="#">deductible</a> ?	Yes. Preventive care is not subject to the deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other <a href="#">deductibles</a> for specific services?	Yes. For Out-of-Network medical covered services: \$8,000 Individual/\$16,000 Family.	Generally, you must pay all of the costs from out-of-network providers up to the deductible amount before this plan begins to pay. If you have other family members in this plan, they have to meet their own deductible until the overall family deductible has been met.
What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a> ?	For In-Network providers, Out-of-Pocket Maximum: \$6,750 Individual/\$13,500 Family.	The out-of-pocket limit is the most you could pay in a year for in-network covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. A single family member has met his or her Out-of-Pocket Maximum by reaching the individual Out-of-Pocket amount. Other family members' payments for covered services combine to meet the remainder of the family Out-of-Pocket Maximum amount.
What is not included in the <a href="#">out-of-pocket limit</a> ?	Premiums, balance-billing charges, out-of-network, some coinsurance, services this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a <a href="#">network provider</a> ?	Yes. Visit <a href="http://VantageHealthPlan.com">VantageHealthPlan.com</a> and click "Find a Provider" or call (844) 833-7505 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work).
Do you need a <a href="#">referral</a> to see a <a href="#">specialist</a> ?	No.	You can see the specialist you choose without a referral.
