Introduction

This directory provides a list of Vantage's network providers for Individual Marketplace/Exchange members.

You will have to choose one of the network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. The PCP may be a provider who specializes in Family or General Practice, Internal Medicine or Pediatrics. The PCP will be the provider who will provide, arrange, or authorize all routine medical care that you may need while you are a member of our plan. If you have questions about selecting or changing your Primary Care Provider, please call Vantage's Member Services Department.

The network providers listed in this directory have agreed to provide you with your medical, vision, and dental services. You may go to any of our network providers listed in this directory; however, some of the services you may receive are covered only if your doctor or other network provider gets approval in advance (sometimes called "prior authorization") from Vantage.

Other providers are available in our network. To access the full listing, you can visit www.VantageHealthPlan.com or call Member Services to request a hardcopy which will be mailed to you.
